

RENOWNED SOUTH FLORIDA SURGEONS MERGE TO MAKE WORLD-CLASS SPINAL CARE ACCESSIBLE TO MORE PATIENTS

FORT LAUDERDALE, Fla., Feb. 19, 2020 – A merger of world-class surgeons creates one of the most comprehensive spinal-care programs in the country at the new Cantor Spine Center at the Paley Institute in Fort Lauderdale.

The Pioneering team at The Cantor Spine Institute – which includes Dr. Jeffrey B. Cantor, Dr. Jahangir “John” Asghar and Dr. Anthony Giuffrida – becomes the new Fort Lauderdale branch of Dr. Dror Paley’s world-renowned Paley Orthopedic and Spine Institute, based in West Palm Beach.

The merger establishes two Florida Paley locations – one in West Palm Beach and the other in Fort Lauderdale – where patients from South Florida, across the country and worldwide will benefit from cutting-edge spinal and orthopedic care. This unmatched team of surgeons is dedicated to advancing minimally invasive and groundbreaking solutions for patients with disorders ranging from the most simple and common to the most rare and complex. The team includes spine, orthopedic and pain management ultra-specialist who are uniquely equipped to treat patients at every age, from infants to seniors.

The new Cantor Spine Center, which remains at Cantor’s current Fort Lauderdale location, will now be an in-network provider for almost all insurance plans – making it easier for more patients to access the highest level of spinal care.

“We can provide our patients unmatched care and expertise in a very personalized way,” Cantor said. “We are very excited to be able to serve our patients better through this dynamic union with the talented team at the Paley Institute.”

The merger supports Dr. Paley’s vision to assemble the highest quality group of forward-thinking physician specialists. They are equipped with the best modern technology and are using and developing minimally invasive, cutting-edge techniques. The group is supported by highly skilled rehabilitation therapists, case managers and orthotists. The addition of the Cantor Center enables the Paley Institute to strengthen its pediatric spine program and expand the same level of care into adult spine treatment as well as adult and pediatric interventional pain management.

**The Cantor Spine Center at the Paley Institute is located at
3000 Bayview Drive, Suite 200, Fort Lauderdale, Fla., 33306**
